

PICTOU COUNTY

Climate Summit

SPONSORSHIP PACKAGE

**Building a Climate-Ready Future:
Local Action for Regional Resilience**

Be a part of the 2026 Pictou County Climate Summit

We invite you to join us for the Pictou County Climate Summit (Climate Summit) happening May 29-30 at the Pictou County Wellness Centre. The Climate Summit will bring together municipal leaders and staff, organizations, businesses, and community members to strengthen collaboration and accelerate collective climate action across the region.

Enclosed, you will find details on how to get involved with the Climate Summit as a sponsor, helping to advance local climate action and shaping a resilient, prosperous future for Pictou County.

A Collaborative Regional Initiative

The 2026 Climate Summit is being hosted by the Pictou County Partnership in collaboration with the Municipality of Pictou County, Pictou Landing First Nation, and the towns of New Glasgow, Pictou, Stellarton, Trenton, and Westville.

Building on the success of the inaugural 2023 Climate Summit, hosted by the Atlantic Infrastructure Management (AIM) Network, this event provides a collaborative environment for learning and action. Together, we are advancing climate resilience across coastal and land-based systems, driving regional prosperity, and unlocking local economic opportunities through sustainable climate solutions.

About the Climate Summit

The Climate Summit will kick off on the morning of May 29 with a curated 10 Tables Exercise bringing together community leaders, organizations, municipal staff, and residents to identify practical solutions to climate challenges facing Pictou County. The 10 themes include:

1. Clean Energy and Mobility
2. Green Jobs and Innovation
3. Watersheds and Natural Assets
4. Biodiversity and Recreation
5. Waste and Materials Management
6. Local Food and Circular Economy
7. Climate Adaptation and Emergency Readiness
8. Health and Community Resilience
9. Housing and Affordability
10. Belonging and Inclusion

In the evening, the Climate Social offers a relaxed opportunity for municipal leaders and staff, organizations, businesses, community members, and exhibitors to connect and engage with others in the climate ecosystem.

On May 30, the Climate Summit takes center stage, featuring a full day of speakers, panel discussions, interactive activities, and more. Throughout both days, an exhibitor area will be open to the public, showcasing programs, organizations, businesses, and projects that are driving climate action across the province.

Why Sponsor the Climate Summit?

Sponsoring the Climate Summit is an opportunity to position your organization as a supporter in regional climate action, collaboration, and community resilience. You play a critical role in advancing the ideas, partnerships, and momentum needed to move from conversation to action ensuring Pictou County is prepared to thrive in a changing climate and economy.

- **Increase visibility** by aligning your brand with a regional event focused on climate action.
- **Connect with decision-makers and partners** across municipal government, educational institutions, business, and the non-profit sector.
- **Support local impact** by helping advance initiatives, knowledge-sharing, and projects that strengthen Pictou County's transition to a low-carbon, sustainable future.
